

# IT'S TIME TO BOOK FOR 2016

**NOW** is the time to get your trainings on the books.

**EARLY** booking is the best way to ensure a successful training session.

## **Hosting is easy:**

Stay close to home and get your AEA CECs.

All you need is a viable facility. You don't have to have a large pool or big facility. I can provide trainings for small pools and facilities in small towns. You just need a desire to host.

I do everything; I provide you with a flier to hand out, I process registrations, I cover all my expenses. There is NO direct cost to you as long as you provide the pool and a classroom, as well as AV equipment and support in the preparations. All the risk is on me.

Depending on the number of registrations, I would offer free places at the workshop for your instructors. You receive the training with little-to-no work and no financial risk!

Book for fall workshops by April 15, 2016 and get an extra free workshop for your instructors.
